SCANDAL PEARL

FCC Rating (25.5)

The Scandal Pearl is Hammer's strongest pearlized ball to date. Our carbon fiber technology has knocked another one out of the park.

Finish (7.25)

The 500/1000 Abralon® Powerhouse Factory Finish Polish finish on the Semtex Pearl CFI coverstock gives this angular monster the ability to handle medium to heavy oil patterns.

Core (8.75)

Hammer's strongest symmetrical core, the Scandal core, is back and this time it is wrapped with Hammers Semtex Pearl CFI cover.

Cover (9.5)

Chemical Friction, blah, blah. Mechanical Friction, blah, blah. We got your friction! Our new Semtex Pearl CFI cover puts the flip in skid/ flip.
